***ALL DATES AND LOCATIONS SUBJECT TO CHANGE**

**REMEMBER WHAT FAPPY
THE DOLPHIN SAYS...**

**ONLY YOU
CAN PREVENT MASTURBATING**

Masturbation is a gateway drug to rape. It also leads to sexual dysfunction, erodes family values, and is a top ten cause of disease. Please help us make children aware of the dangerous consequences of masturbation and the benefits of genetically modified foods. This program is paid for by the Monsanto Company.

For more information or if you would like Fappy® to visit your child's school please call the 24-hour Fappy® Nationwide School Tour Hotline: (785) 273-0325
